

Loirston Primary Living Litter Free

National Spring Clean

Loirston Primary School took part in a campaign to keep 'Scotland Beautiful' with the National Spring clean 2011.

The eco committee organised a massive 'Litter Pick' in and around the school so our school and community would be a better place to live.

Greggs the bakers sponsored the children by providing a sweet treat at the end of the pick to thank the children and parents for their hard work.

We managed to collect 15 black bags of rubbish, a lot of which had blown into the school from the local area. From now on the children will go out every week in small groups to help our janitor keep our school even cleaner.
