

# Nether Loirston Growers

The allotments have been a hive of industry over the past weeks. At time of writing the weather has been surprisingly unseasonal with warm and even hot days and hardly any rain! This has meant the allotmenters have been able to get on with preparing their ground ready for planting when the time is right.

Our appeal for unwanted compost bins has been very successful but we still have room for more. We are grateful to and would like to thank all those who have donated bins of various shapes and sizes.

*If you would like to know more about the art of composting or have questions you would like answered, we are hosting a composting workshop with **Master Composters from Aberdeen Forward** on **Tuesday, 24th April, 7pm in Loirston School. The Workshop is open to members of the community free of charge. Please come along.***
