

Doonies Claik

FARM NEWS

Down at the farm Spring!! has finally arrived with some new born Lambs.

A new Incubator has been purchased by Doonies Development Group for the children of Loirston Nursery to use for hatching some eggs for Doonies farm. The girls and boys are all eagerly awaiting the arrival of little chicks just in time for the Easter holidays.

The Play Park at the farm is kindly being re-vamped by some wonderful volunteers from the Wood Group PSN who are giving up their time over the weekend to give the park a fresh new look. Many thanks from all at Doonies for all their support.

Over the winter months the farm paths have been upgraded and new fencing has been put in place to create new fields.

Hopefully we will see you all over the Easter holidays!!
