

# Nether Loirston Growers

Spring is in the air and after the long winter months things are beginning to stir up at the Allotments but we need more sunny days to dry out and warm up the soil.

There are so many exciting varieties of vegetables, potatoes, salad crops, etc. to choose from. We are learning year on year what will grow well in our area. Our growing season is relatively shorter than that in the south of the country but we can bring vegetables on under cover. Our Poly-tunnel was a jungle of cucumbers, tomatoes, runner beans, grape sized melons and peppers last year.

Our plots are at the back of Altens Community Centre. Please get in touch if you are interested in having growing space.
