Transport to Healthcare Information Centre (THInC)

On behalf of the Health and Transport Action Plan partners we would like to make you aware of THInC (Transport to Healthcare Information Centre). THInC can help patients by providing practical transport advice for people who have difficulty getting to and from medical appointments in Grampian.

The service provides a dedicated telephone service offering guidance on accessing suitable transport options to get to and from appointments when patients have no means of personal transport. The centre can provide details of suitable bus

or train times, contact telephone numbers and other services such as local dial-a-bus or voluntary car schemes.

Please note that THInC does not book transport but can assist with travel advice. The centre is the first of its kind in the UK and is a joint initiative between Aberdeen City Council, Aberdeenshire Council, Moray Council, NHS Grampian, The Scottish Ambulance Service and Nestrans. THInC is one of the projects taken forward as part of the Health and Transport Action Plan.

Please call THInC on 01343 567839 between 9am-4pm, Monday to Friday. Calls are charged at local rate.

Baker Hughes 10K Run

A number of doctors and staff from the Cove & Kincorth Medical Practice have recently begun training for the Baker Hughes 10k on Sunday May 18th..... and the list is still growing!!

We are doing this event for a few reasons, firstly to get fit/fitter, secondly for teambuilding and thirdly to raise money for charity. Our chosen charity is CLAN - CLAN Cancer Support is an independent charity for anyone of any age, affected by any type of cancer.

Parking at Cove Practice

To ensure the safety of pedestrians, especially children, we would plea for considerate parking on the road that leads down to the surgery especially in Winter when the road is slippery.
