

## **63<sup>rd</sup> Aberdeen (Cove Bay) Scout Group**

The Cove 'Scout Group' has been on the go for coming up for over 36 years and there must have been in excess of 700 Beavers, Cubs and Scouts taking part in our programmes.

Number One feature of all programmes is that they include FUN.

Are you one of those who were once in Scouts and had fun - on a hike, an outing, at a weekly meeting or at a camp or sleepover?

Have you learned a new skill, have you met new friends, has your path in adult life been affected by your 'Scouting'.

Is now the time to 'put something back.'

The ability to run an exciting programme is limited by the number of Leaders available to deliver the programme.

In the Cub Pack we have lost Nicola Stevenson who has returned to work in Glasgow where she hopes to continue Cub Scouting.

In the Scout Troop Alistair Gilmore has been of invaluable help for many years but feels that, now that his boys are out of the Section (2 are Leaders) . He will be sorely missed.

Could you give us 2 hours a week of your valuable time to help the youth of Cove?

Are you a new person into the area who would like to help in the community?
