

P O L I C E

APRIL UPDATE

Sergeant Mark Stephen

Since the start of the year, unfortunately, there have been a few break-ins to sheds and houses in the Cove area. Some of these have been where a car or house have been left unlocked over-night.

It is imperative when in the house during the evening, you ensure the doors are locked to prevent any sneak-ins and also last thing at night carry out a check to make sure everything is locked before you go to bed.

As the warmer days are coming and the gardens are being tidied up, please remember to close windows, lock away ladders and any tools/gardening equipment like spades etc.

Patrols have been increased in the area to specifically target those involved.

A few issues have been raised in the last couple of months with regards to parking in and around the schools. Please think about where you are stopping outside a school to drop off your child and what potential dangers your parking could cause.

Officers from the Nigg office had an excellent drugs seizure in Cove at the beginning of March, where £13,000 worth of cocaine and ecstasy, were removed from circulation. An Aberdeen man appeared at Aberdeen Sheriff Court, regarding this recovery.

Non Emergency No – 101, Crime Stoppers No – 0800 555 111
