

Cove in Bloom

Volunteers have been dodging the downpours in an attempt to get our community garden, planters and flower beds up to scratch for the Keep Scotland Beautiful judges who are coming in August.

Pictured are some members of the community who have helped with this year's It's Your Neighbourhood Award entry. You will notice we are light on male helpers! We couldn't believe the amount of weeds hiding away among the herbaecous plants and are grateful to Doug with his trailer!

Thanks to David Penny of Cove Bay Nursery for providing the plants to plant up our seasonal

beds. An anonymous resident beside the "Welcome to Cove Bay" sign keeps the grass and rose bed there in immaculate condition. Children from the two primary schools have, over the years, planted spring bulbs which give a lovely show and the judges will see the photos.

If you would like to get involved with our Cove in Bloom efforts, please contact Jim on 894299 or Michele, 890329.
