

# Doonies Rare Breeds Farm News

**All the animals on the farm are enjoying munching away on the grass that has finally appeared.**

This year we gave the girls and boys of Loirston nursery some duck eggs to hatch for the farm. Five ducklings hatched, and are now back at the farm growing rapidly, swimming in their new paddling pool that was kindly donated by our volunteer Sarah Scott.

We have a secure inside rabbit run for the ducklings, as we have lost a few chickens and ducks to the fox.

Sheep shearing will soon be upon us and finally the first field of grass is ready to be cut, to make into silage.

We hope the weather improves for the start of the summer holidays. That's all the news for now folks; we hope to see you all during July.
