

# Nether Loirston Growers

## Raindrops and berries.....

We are now half way through the growing season and once again struggling with all the rain that we have been experiencing this summer.

This has not dampened our spirits though as we are looking forward to being part of the Cove in Bloom and the national It's Your Neighbourhood Awards which we took part in last year with great success and hope to do as well again this year.

We are already enjoying our strawberry crops and some early vegetables.

We once again supported the Cove Gala and had a stall where we had some of our own plants to sell along with bedding plants which were very kindly donated by Cove Bay Nurseries and our thanks are extended to them and to all the willing volunteers who helped out on the day.

All of this reminds us that we are a community group made up of local people who volunteer their time to make our community garden/allotment site something to be proud of while at the same time growing our own food to help reduce food miles and contribute to reducing our carbon footprint on the planet.

If you want to join us or even become a friend of NLGA, please do get in touch.
