

**DID YOU KNOW ISIE CAIE?  
DO YOU KNOW THE HISTORY OF FISHING IN COVE?  
ALBERTINO NEEDS TO HEAR FROM YOU**

Albertino Costa is the sculptor we have chosen for our statue of Isie Caie, he works and teaches in the Newton Dee community, sculpting in wood, metal and stone, and he wants to speak to as many folk as he can who knew Isie Caie, or who can tell him about the fishing industry from her time and earlier. Albertino needs to learn as much as possible about the fisherfolk and the fishing village of Cove Bay to help him understand his subject. If you can help, please contact us at South Loirston, he will visit you in your home if you wish, meet you somewhere in Cove (South Loirston, perhaps, or the Cove Bay Hotel), or you could visit him in his studio. Let us know what will suit you best, and we will pass your details on so that he can make contact.
