

"There must be more...."

Registered Charity SC037083

The Blue Horizon Team would like to say a big thank you to all at Hydrasun for their great achievement in cycling a total of 2,340 miles through the Scottish countryside and in raising money to support young people and their families in the Cove and Kincorth Neighbourhoods by building confidence, expanding horizons and realising life potential.

Needing support in understanding and managing your teens behaviour?

At Blue Horizon we have a dedicated user friendly service of support for parents. We have lots of information and great courses to guide and inform.
