

# Cove and Altens Community Council

# Cove Clean Up

Good weather and a record turn out of 54 volunteers (39 adults and 15 children) saw well over 75 bags of litter and other rubbish collected.

A big well done to everyone who came and helped. Thank you to those who couldn't manage along on the morning but still did a clear up and put the rubbish their bin at home.

A great show of community spirit!

Grateful thanks to the Headteacher, Kay MacDonald, and John Lyon the Janitor, of Loirston School for the use of the car park and for opening up the school and providing warm drinks for returning litter-pickers.

Dr Duncan Allan kindly agreed to be our First Aider but thankfully we had no incidents.

Thanks go too to Aberdeen City Council for supplying equipment and taking away the big pile of rubbish collected. Beautiful Scotland's National Clean Up gave us hi viz tabards for safety, Hydrasun supplied gloves and black bags and Greggs the Baker provided a well earned "fine piece" for which they too are thanked.

It was so busy with people coming and going that we didn't get a crowd photo this year but here are some that were taken that morning.
