Pictured is Farmer Lennox welcoming three new arrivals, Mary, Penny and Cleo, large black pigs. Once they have settled in you can visit them in their new home.

Doonies Rural Education Group (DREG) has been extremely busy with school and nursery visits. During the May Day Bank Holiday the Unit was open to the public with displays of spinning and wool by member Joan Strachan with exhibitions about cows, sheep, chickens and the history of Doonies. Children also had the opportunity to do painting!

Refreshments were on offer, however please note that these are only available if we have enough volunteers available. If you can help us provide cover for the teas and coffees, please get in touch with Fiona Watt on **01224 891755** or email **fionaewatt@btinternet.com**
