

Cove and Altens Community Council Cove Clean Up

We never know what weather to expect when we plan our Annual Cove Clean Up! This year it was definitely foggy (Haar to those who live here)!!

The weather had an effect on the turn out of volunteers but 24 brave souls came along and a considerable amount of litter and other rubbish was collected.

The headteacher of Loirston School Kay MacDonald and John Lyon the janitor opened up the school so that we could provide warm drinks and nibbles to those appearing out of the haar with bags of litter. Grateful thanks go to both. Thanks to Aberdeen City Council for providing the gloves, black bags, litterpickers and taking the rubbish away. Keep Scotland Beautiful gave us hi viz tabards which did a good job of identifying figures in the fog!

Thank you to Dr Duncan Allan for being our First Aider. Thanks too to Murray and Raymond for the use of their trailers.

Mainly, thank you to all those who came along to support the Clean Up!
