

DOONIES CLAIK

Farm News

It has been a very busy two months at the farm and nice to have a very successful lambing this year, with only one pet lamb to feed, little Annabel, who was the star attraction over the Easter holidays, along with Polly the Eriskay Mare and her new foal.

Farmer Debbie successfully hatched nine

eggs out of twelve; all chicks are doing well and enjoying being out, in the fresh air.

The grass is finally growing and the lambs are enjoying skipping and running around outside in the fields.
