

Doonies Rare Breeds Farm News

We have had a very busy few months at the farm with lambing and calving, which thankfully has gone very well. Easter was an extremely busy time for us with many visitors coming to the farm.

It was fantastic to see so many people and as always the Lennox family really appreciate the amount of support we receive from the public - a very big **THANK YOU.**

Our four students from Robert Gordon's University have completed their media project with great results which you can see on our YouTube page. They made short videos about the farm featuring our Easter weekend event, Ernie Strachan on the RBST (Rare Breeds Survival Trust) and farmers Debbie and Graham.

We have some new rare breed chickens at the farm, and we currently have some Lavender Peking eggs and Rode Island Red eggs, in our incubator so fingers crossed hopefully they will hatch!

New Additions

An Eriskay foal was born a week before the Easter holidays much to everyone's surprise! Niall and Rhona are both doing well.

We may have found a boar for Dainty girl our Welsh pig, so hopefully there could be some little piglets running around in the near future.

That's all our news **for now.**

The Lennox family.

Opening hours 10.00 am - 4.30 pm daily
