

Community Improvement Plan

Cove and Altens Community Council has decided to embark on the development of a Cove and Altens Improvement Plan, with the aim of gathering information from residents and other community groups, on areas that they feel are in need of improvement, or facilities that they feel are lacking within the existing provision.

In order to start the ball rolling it is planned to carry out a community consultation process, whereby we will, by various means, capture those improvements that are not currently documented, so that over time we will have a comprehensive list with which to produce costings and approach the City Council, other interested parties and indeed the community itself, to begin a phased scheme of improvements, which can only be of benefit to the community overall.

The improvements suggested might cover any number of topics, including some, or all of the following:

- Lack of community facilities
- Lack of known areas for improvement in existing infrastructure / facilities
- Lack of community engagement
- Lack of community participation

A separate meeting will be called inviting interested community groups to promote their suggestions as well, so we are aiming to capture as wide a range of views as possible from across all the community.

On the following page is a short questionnaire that we would ask you to complete and return to **Raymond Davidson, 8 Colsea Terrace, Cove Bay, Aberdeen. AB12 3YN.** Alternatively, you can e-mail any suggestions that you may have to the dedicated email address **improvements@cove-bay.com**

When the complete list has been compiled we will provide regular updates via the Cove Chronicle so that residents can be kept informed of suggested proposals, and further actions to be taken in order to progress them.

The Community Council will also be in attendance at the Cove Gala on the second Saturday in June, so please feel free to approach us with any additional questions, or comments, that you might wish to discuss.

In the meantime, thanks for your interest, support and contribution to the initiative aimed at making things better for the whole community of Cove and Altens.

Cove and Altens Improvement Plan Questionnaire

1. Thinking about the Cove and Altens area in general, what aspects are you happy with?

2. Within your immediate neighbourhood, are there any areas that you feel require to have improvements carried out, or things provided that don't exist at the moment? If so, please list these below, including any particular locations involved:

3. Within the general area of Cove and Altens, are there any improvements or remedial work required to existing facilities or infrastructure? Are there any facilities that you would like to see provided that aren't at the present time, or issues that you would like to see being dealt with that aren't currently being addressed? If so, please list these below, including any particular locations involved:

To help us contact individuals with any supplementary questions on issues raised, it would be helpful to have your contact details listed below. However, if you would rather not provide these for any reason, it would be useful to know in which street you live within Cove / Altens.
