

**63rd Aberdeen
(Cove Bay) Scout
Group**

The numbers in all 3 sections are well up with 25 Beavers (6 - 8 years), 22 Cubs (8 - 10 years) and 20 Scouts (10 - 14 years)

The Group, particularly the Beaver Section and the Cub Section are seriously short of Leaders. Could you give us 2 hours a week of your valuable time to help the youth of Cove? You don't need to have been in the Scouts or Guides to be able to help we have a well developed training programme to help you take a constructive place in the Group.

The ability to run an exciting programme is limited by the number of Leaders available to deliver the programme. With the loss of a Leader in each of the young sections we are now in desperate need of assistance . Can you offer any help ?

Are you a new person into the area who would like to help in the community?
