

Active Schools Aberdeen (Cove)

Promotes physical activity within the local schools and throughout the city for school aged children.

We structure sessions either before, during and after school, link local clubs to schools to promote a pathway and we also recruit volunteers to utilize and develop their skills for the delivery of activity sessions.

To either register for the parent distribution list (regular updates about activities and opportunities), or to enquire about potential volunteering and development opportunities then please **contact Steven on**

**StThompson@sportaberdeen.co.uk or
