

63rd Aberdeen (Cove Bay) Scout Group

The Scout Group Executive Committee arranged a family Fun Day at Templars Park on Sunday 9th September.

The day was themed on the Environment Partnership Award which is a badge earned by all 3 sections of the Group when working together. The day started with a BBQ while the families had their photographs taken for their Passports.

During the afternoon they took part in the following bases:

- Building a bird box and erecting it
- Completing an orienteering course
- Picking up litter.
- Planting bulbs
- Clearing Ragwort
- Completing an obstacle course
- Sand sledging
- Traversing a climbing wall

The final activity was fun on a waterslide.

There was over 70 attending and the feeling was that we should do it again!
