Cove and Altens Community Council

Christmas Lights Funding

Each year Cove and Altens Community Council raises funds to provide a Community Christmas Tree and decorative street lights. There are also costs involved in putting up the lights and taking them down again.

This year is no different! In order to supply a tree, refurbish and replace strings of tree lights and damaged decorative street lights we are again looking for sponsorship.

We are told how much everyone enjoys the festive decorations which brighten up our Community.

If you or the Company you work for can help with sponsorship of the Christmas Tree or a decorative street light please get in touch to discuss. Contact:-
