

Cove Harbour Issue

After almost a year and a half a second ultimatum has been issued, via a solicitor's letter, to the fishermen of Cove Harbour, giving 14 days notice for all boats and associated equipment to be removed from the harbour .

To quote:-

“if these fishing vessels and winch huts are not removed from our client's property within 14 days of this date (26th August 2015) our client will commence court proceedings against your clients to enable him to obtain vacant possession of his land.” Furthermore our client is also demanding that no vehicles be parked at the harbour otherwise he will “raise proceedings to prevent this”.

Please note there is a facebook page “Save the fishing boats of Cove harbour” where you can add your views on the above and also sign the petition.

Jim Adam

Chairman,

Cove Fishermen's Association
