

Nether Loirston Growers Open Day

25 October 2015 from 2 pm to 4 pm

We are now in our 5th growing year and we anticipate that there may be a couple of plots becoming available next year so now is the time to begin to think about whether this may be for you.

On Sunday afternoon 25th October we are holding an Open Day for local people to come and have a tour of our Site behind Altens Community Centre - as proudly featured in a recent episode of the BBC's Beechgrove Garden. You will be made very welcome, so come and join us for a cuppa and fine piece anytime between 2pm and 4pm when you can find out about how to become an allotment holder, ask

questions and find out how you can become a friend of the Nether Loirston Growers.

Come and join us at the allotment site where 31 people and families grow their own food from tatties, onions, peas and beans, courgettes, strawberries, raspberries and blackcurrants and even rhubarb.

We share how to grow things, learn about gardening from each other and give a lending hand if needed.
